## A DRIVE OF CHOICE

The choices we make are clues, revealing something about who we are. Choices can be hard. They can be easy. But nowhere are they more enjoyable than inside a ŠKODA FABIA.

If you choose to make a statement, the FABIA has been remastered and restyled. The unique ŠKODA 'crystalline' design makes everyone look twice. The lively ColourConcept lets you express your own personality through your drive, with many possible choices of roof and body combinations. The LED lights show the way, and also show our focus on the latest technology.

And while the FABIA's compact dimensions still make it agile for urban driving, it's roomy enough inside to carry both people and possessions. As always, ingenious Simply Clever details make the FABIA one of the smartest choices on four wheels.

The FABIA is yet another example of our philosophy of making beautifully designed cars that are as much a joy to drive now as they were back when we started.

That's Simply Clever. That's ŠKODA.

# EXTERIOR DESIGN

# INSTANT CONVERSATION STARTER

Unmistakable. Unmissable. With a typical grille as well as a distinctive front and rear bumper design, sharply cut headlamps and optional LED lighting, the FABIA will announce your arrival at every corner.

## EXTERIOR DESIGN

With its exterior defined by ŠKODA's crystalline design language, the FABIA radiates a fresh, elegant style. The headlamps, grille and front bumper form a harmonic whole, while the edgy contours add vigour and dynamism to the car.

## COMBI VERSION

If you want to be prepared for everything that life throws at you, look no further than the FABIA Combi. This compact car with balanced proportions combines space with elegance in a refreshing manner.

#### HEADLAMP AND FOG LAMP DESIGN

ŠKODA's crystalline design language truly influences the car's lighting. Headlamps and fog lamps are angular. Moreover, the headlamps include integrated crystalline decorative features referring to the beauty of Bohemian cut glass.

#### PANORAMIC ROOF

The attractiveness of the car can be highlighted with the panoramic glass roof, which stretches all the way from the windscreen to the roof spoiler and brings you the feeling of freedom and even more space.

#### REAR VIEW

With the unmistakable ŠKODA inscription in the back the car proudly declares its family allegiance. The rear lights penetrate into the side, thus also illuminating the profile. The reflectors integrated in the rear bumper improve the visibility of the car.

# PAINT THE TOWN BLACK, OR GREEN, OR BOTH

The colours you choose say a lot about you. They give clues to who you truly are. And when you opt for one of the many ColourConcept combinations, you can declare your individuality with pride.

# LIGHT DESIGN

# GLOW IN THE DARK

The sophisticated light design improves the emotional expression of the car as well as your safety, turning night journeys into a joy. The top-end solution comes with a complete LED system, without compromising on form or function.

## LED HEADLAMPS

Every FABIA boasts headlamps with eye-catching strips of LEDs for daylight driving. The top-end option is all about LED technology. The LED headlamps also include corner function.

## LED REAR LIGHTS AND REFLECTORS

The familiar C-shaped illumination is a typical feature of the ŠKODA brand. In addition, the rear lights can be equipped with LEDs. The reflectors integrated in the rear bumper for better visibility of the car also feature in the FABIA.

# INTERIOR DESIGN

## FEEL AT HOME WHEREVER YOU ARE

The spacious yet cosy interior features quality materials and precise workmanship wherever you look. It makes this car a lovely place to spend time in.

# STAY SHARP, STAY COMFORTABLE

Shut out the chaos when you shut the door. The dashboard décors, upholstery options and plenty of refinements ensure you stay comfortable while staying in control.

## STYLE AND FUNCTIONALITY

The FABIA comes with a wide choice of décor and upholstery with decorative stitching. The stylish details are accompanied with perfect functionality. The dashboard is arranged practically so you can get oriented quickly and easily behind the steering wheel.

**CONNECTIVITY**

# ŠKODA CONNECT: TAKE THE ONLINE WORLD WITH YOU

Being fully and permanently online means not only having access to entertainment and information, but also possible assistance while on the move. ŠKODA Connect is your gateway to a world of unlimited communication possibilities.

## ŠKODA CONNECT

This offer includes two categories of service. While Infotainment Online delivers real-time information to navigation about traffic, for example, Care Connect focuses on help and safety, enabling remote access and control of the vehicle. It also offers an assistance service for any situation that needs it.

## PARKING POSITION

Retrieve the exact location of your car in large car parks from anywhere, by displaying the address, time and date of parking on your mobile phone.

## DRIVING DATA

Information about your journey, such as average consumption, average speed, distance and journey time, is stored. You can display your personal driving data and have an overview of all your trips.

## EMERGENCY CALL

The SOS call is placed automatically during an emergency where the restraint system has been activated. This emergency system can also be activated manually by pressing the red button on the roof console.

## WEATHER

Get the latest weather report for your current location, destination or anywhere else with detailed forecasts, including precipitation predictions and warnings.

## SMARTLINK

With the SmartLink system (ŠKODA Connectivity bundle supporting MirrorLink®, Apple CarPlay, Android Auto) the car's infotainment system enables the driver to safely use the phone while driving. Plus, all installed applications that are certified as safe for vehicles are compatible with MirrorLink®, Apple CarPlay or Android Auto.

## ONLINE TRAFFIC INFORMATION

Always take the best route: up-to-date information gives you a perfect overview of every trip. It also enables you to react to new developments, such as roadworks, accidents and traffic jams.

#### MyŠKODA APP

Meet Paul, the interactive assistant of the MyŠKODA App (for Android and iOS systems),

who can provide help in various daily situations. You can use him to access information about your car or for a complete description of what controls what, what each warning lamp means, etc. Paul can also keep an eye on the dates in your planner. Not only will you never forget a meeting, but your assistant will also advise you on how to get there.

#### SWING / SWING PLUS

The Swing radio with 6.5" colour touch-screen display comes in two levels. The basic version features, besides radio function, USB and SD card slots. In addition to the features of the basic Swing version, Swing Plus also offers Bluetooth and SmartLink. The ŠKODA Surround System comes with Swing Plus radio as standard.

#### USB SLOTS IN THE REAR

On the rear part of the front armrest you can find two USB slots enabling mobile phone charging.

#### AMUNDSEN

The Amundsen navigation system, controlled via a 6.5" touch-screen display, offers many functions of a top radio. The WLAN hotspot comes as standard. The SmartLink system is optional.

**SIMPLY  
CLEVER**

# BE A GENIUS, OR FIND SOME IN EVERY CORNER

A place for everything and everything in its place. The FABIA is loaded with Simply Clever features that pop up all around the car, providing even more practicality.

## LED FLASHLIGHT

A practical removable LED flashlight (exclusively for the combi version) can be found on the right side of the luggage compartment. It recharges automatically while the engine is running. This flashlight also serves as regular boot lighting. Opening the 5th door automatically turns it on.

## FRONT ARMREST AND CENTRE CONSOLE

While the front armrest features a hidden and closed compartment, the centre console offers dual drink holders as well as a place for small items you want to keep close at hand. The lighting for the centre console will make the interior more cosy.

## POCKETS

The storage pockets on the rear of the front seat backrests can hold a diary, mobile phone or other small items.

## GLOVE COMPARTMENT

The closed storage compartment in the dashboard has enough room to fit a 1.0-l bottle.

**BOTTLE HOLDERS**

The storage compartments in both rear doors can hold a 0.5-l bottle (see photo), while the front doors can hold a 1.5-l bottle.

**REFLECTIVE VEST HOLDER**

A holder located in the driver's door compartment makes a reflective safety vest immediately within reach if you need it.

**UMBRELLA BOX**

A box with an original ŠKODA umbrella can be found under the passenger seat.

**ICE SCRAPER**

This clever detail is mounted on the fuel cap and it's not a problem to replace it there when wet.

# LUGGAGE COMPARTMENT

# IF IT FITS YOU, IT FITS IN

The luggage compartment runs some impressive numbers: the hatchback offers 330/1,150 litres and the combi 530/1,395 litres. But it isn't just about volume. It's about how cleverly the space is organised and maximised so your possessions can be transported carefully and securely.

**LOWER POSITION SHELF**  
The luggage compartment shelf in the hatchback version, when fixed in the lower position, allows you to transport fragile objects, for example.

**NET PROGRAMME**  
A set of nets in varying sizes will keep order in your luggage compartment and will prevent luggage from sliding around.

**DOUBLE FLOOR**  
This special equipment for the combi version places the bottom of the luggage compartment on the loading edge level, facilitating easier luggage handling. In addition, it provides a discrete storage place.

#### DOUBLE-SIDED CARPET

You can use the carpet with the elegant fabric side up when not transporting anything that might make your car dirty, and can easily turn it over to utilise the washable rubber side when required.

#### VARIABILITY

The rear seats feature 40/60 folding split. If you need to maintain rear seating for passengers and extend the storage space at the same time, you can fold down just one backrest.

#### PARTITION NET

The partition net for the combi version separates the luggage compartment from the crew space and increases passenger safety when transporting objects without the luggage compartment cover.

COMFORT

# GET INSIDE YOUR COMFORT ZONE

Whether driving is a daily routine or just a weekend occasion, the FABIA makes your weekdays more pleasant and weekends more fun. State-of-the-art technologies hidden under the sophisticated dashboard will take care of you.

## STEERING WHEEL

The multifunctional leather steering wheel enables you to control the radio and phone.

## CLIMATRONIC AIR CONDITIONING

The electronic air conditioning will ensure maximum comfort all year round and, thanks to the humidity sensor, will even deal with a steamed-up windscreen.

## LIGHT AND RAIN ASSIST

Your drive will be safer and more pleasant as the Light and Rain Assist can automatically turn the lights and wipers on and off. It also includes Tunnel Light, Coming Home and Leaving Home function.

## ELECTRICALLY-ADJUSTABLE WINDOWS

The controls of the front and rear windows are conveniently located in the door panelling. Thanks to the up/down function a single button can be used for every window.

## ELECTRICALLY-ADJUSTABLE AND HEATED SIDE-VIEW MIRRORS

The external side-view mirrors can be quickly adjusted and defrosted or defogged from the comfort of your seat without having to open the windows.

# SAFETY

# PUT EXTRA EYES ON THE ROAD

Travelling is safer with an alert co-driver. Hence the FABIA comes with plenty of assistants allowing you to react to any situation promptly. Some of the systems can even prevent an impending collision all by themselves.

**FRONT ASSIST**  
This assistant system, using a radar device in the front bumper, is designed to monitor the distance from the vehicle ahead, including automatic deceleration and braking.

**REAR-VIEW CAMERA**  
Your car can also be equipped with a rear-view camera located on the handle of the 5th door. It monitors the space behind the car and indicates the driving lanes, based on the vehicle width.

**PARK DISTANCE CONTROL**  
Parking the FABIA is easier and safer with the parking sensors integrated in the front and rear bumper, which check the car's distance from any obstacles.

**ADAPTIVE CRUISE CONTROL**  
Using a radar device in the front bumper, the ACC, besides maintaining the preselected speed, maintains a safe distance from vehicles in front of you.

#### BLIND SPOT DETECT

Using radar sensors in the rear bumper, Blind Spot Detect monitors the blind areas behind and beside the car. Based on the distance and speed of the surrounding vehicles, it decides whether or not it should warn the driver.

#### REAR TRAFFIC ALERT

This assistant, which comes as part of the Blind Spot Detect system and uses the same radar sensors, helps you reverse safely from a parking space during poor visibility.

#### AUTO LIGHT ASSIST

Your Light Assist will automatically switch to high beam and back, increasing comfort and safety in traffic.

# SAFETY ISN'T OPTIONAL

In extreme situations, where the driver cannot actively affect the outcome, the car's passive safety elements take over – like the airbags. In the FABIA you are protected by six airbags, which come as standard.

## FRONT AIRBAGS

While the driver airbag is enclosed in the steering wheel, the passenger airbag is located in the dashboard. If needed, this can be deactivated when a child seat is installed on the front seat.

## HEAD AIRBAGS

Upon activation, head airbags create a wall protecting the front and rear occupants against head injury.

## SIDE AIRBAGS

These two airbags protect the pelvis and chest of the driver and front seat passenger in the event of a side collision.

# PERFORMANCE

# POWER FRIENDLY, WALLET FRIENDLY

There's no need to choose between dynamism or economy. The engines offer agility as well as economy and exemplary low emissions. When your itinerary includes long distances, the spirited TSI engine is your perfect match.

**TRANSMISSION**  
Depending on the engine version, the car can be equipped with a manual 5-speed or 6-speed transmission. Both options offer precise and easy gear shifts.

**KESY / EASY START**  
The car can be equipped with KESY (Keyless Entry, Start and exit System) or with the simpler version called Easy Start. A Start/Stop button for keyless switching on and off of the engine is located on the steering column.

**ENGINES**  
Our offer includes 3-cylinder petrol engines with MPI as well as TSI technology. You can choose between 1.0 MPI/44 kW, 1.0 TSI/70 kW and 1.0 TSI/81 kW engines.\*

\* The offer may be changed. For more information, contact your authorised ŠKODA partner.

# MONTE CARLO

## ENTER AN EXCLUSIVE CLUB

Take the successful history of ŠKODA cars at the legendary Monte Carlo Rally. Mix it with the style and glamour of the principality. And you get the exciting FABIA MONTE CARLO. The car features black exterior as well as interior elements, which give it a unique style and a ferocious expression. It's time to go all in.

# NOT TO BE MISSED ON ANY ROAD

Whether it's a street party or retail therapy, the dynamic design and stylish black details of the FABIA MONTE CARLO make it your perfect go-to accomplice.

**EXTERIOR DESIGN**  
The black features such as front grille frame, add-on part on the front bumper spoiler, door sill covers and external side-view mirror caps are always accompanied by black alloy wheels. The optional 18" Vega (shown) are designed for the hatchback version with sports chassis. You can also opt for the black roof, which is exclusively available for the hatchback version in combination with selected body colours.

**INTERIOR DESIGN**  
The Monte Carlo version features sports steering wheel in black perforated leather, front sports seats, specific fabric upholstery in a combination of red/black, black pillars and black ceiling. The interior is also decorated with red stitching and Carbon or optional Cherry Red décor.

# BLACK EDITION

A detailed view of the interior of a Skoda Fabia Black Edition. The image shows the driver's side, featuring a black perforated leather steering wheel with red stitching and the Skoda logo. The dashboard and center console are finished in Piano Black, with silver accents on the air vents and gear shift. The front seats are black with a quilted pattern and red stitching. The overall theme is dark and sophisticated.

## BLACK IS THE NEW BLACK

Nothing says classy like something, or someone, draped in black. The FABIA BLACK EDITION not only embraces this striking colour – it makes it truly its own. The dark yet delicious theme continues inside. The car comes with multifunctional sports steering wheel in black perforated leather, Piano Black décor and black ceiling. The interior also features sports front seats and red stitching.

# MYSTERY HAS ITS OWN COLOUR

**STYLE AND FUNCTIONALITY**

Both hatchback and combi versions feature the aerodynamically designed roof spoiler and sports chassis. The sporty look of the car is underlined by the 17" Torino alloy wheels.

Whether it's the sleek roof spoiler, the Black Edition original logo or the equally enigmatic wheels, the FABIA BLACK EDITION shows off its style without ever showing off.

**LOGO**  
Confirm your driver status with the Black Edition logo on the B-columns.

**MAGIC BLACK**  
The car is available exclusively in metallic Magic Black. Naturally, the front grille frame also comes in black.

# SCOUTLINE

# KNOW THE UNKNOWN

Find new challenges. Try different sport activities. Set off on unknown paths. The FABIA COMBI SCOUTLINE is a car dressed for adventure. The expressive body accessories lend the ScoutLine version a robust outdoor look. They also help protect the body from flying objects when driving beyond paved roads.

**EXTERIOR DESIGN**

The front and rear wheel arch extensions and door sill covers in black emphasise the car's uniqueness and cross-country character. In adverse weather conditions you will appreciate the fog lamps, which come as standard. The car's distinctive look can be underlined by the 17" Braga alloy wheels.

**STYLE AND FUNCTIONALITY**

The ScoutLine version also features, among other things, the front add-on part and rear diffuser in silver. The practicality of the car is increased with roof railings.

**CUSTOMISATION**

# ACTIVE

The standard equipment of the Active version includes chrome front grille frame, electrically-adjustable heated external side-view mirrors in black, tinted windows, LED daytime running lights, centre console with 12 V socket and dual drink holders, central locking, plus more.

**ACTIVE BLACK INTERIOR**

# ACCESSORIES

**SMART HOLDER – CLOTHES HANGER**  
The practical clothes hanger, for your jacket, for example, can be mounted to the front seat headrest.

**SMART HOLDER – HOOK**  
Handbags or backpacks don't have to take up space on the back seats. Hang them from the smart holder hook fixed to the front headrests.

**SMART HOLDER – MULTIMEDIA HOLDER**  
The holder for an external device, which can be mounted on the front seat headrests, will definitely be appreciated by the rear seat passengers.

**DOG SAFETY BELT/ BACK SEAT PROTECTION**  
If one of your usual passengers is a dog, we recommend equipping your car with a special safety belt (size S - XL). You will also appreciate the back seat protection.

**LTE CARSTICK**  
The LTE CarStick enables fast and reliable Internet connection. With the LTE CarStick in place, you can comfortably find the nearest petrol station, book a hotel room or reply to an urgent email while travelling.

# MADE BY ŠKODA, DESIGNED BY YOU

Accessories aren't just fashion fads. With ŠKODA Genuine Accessories, you can transform your car by expanding its practicality, safety and purpose, and make it a lot more suitable for your specific needs.

# WHEELS

17" BRAGA anthracite alloy wheels, brushed

17" SAVIO green alloy wheels

17" BLADE platinum matt alloy wheels, brushed

17" TORINO silver alloy wheels, brushed

16" ANTIA white alloy wheels

15" DENEb black metallic alloy wheels\*

\* May be used with snow chains

# WHEEL CARE & STYLE PACK

Car wheels are like shoes. No matter whether the “shoes” of your ŠKODA are stylish, sporty or purely functional, our WHEEL CARE & STYLE PACK (wheel covers, valve caps, safety bolts) offers a multitude of items which will make your wheels even more attractive and totally unique!

**BOLT CAPS**  
Decorative bolt caps for wheels with and without safety bolts.

# ŠKODA CARE PRODUCTS

ŠKODA wants to stay by your side long after you purchase your car, and we want to assist you in all situations you might encounter during the car’s lifetime. That’s why ŠKODA Care products were developed. These products keep you mobile, provide maximum possible comfort, safety, and unmatched value for money.

**ŠKODA SERVICE AND MAINTENANCE PACKAGES**  
ŠKODA service and maintenance packages are specifically tailored for customers who want to keep their car running and looking just as good as the day they bought it. These packages not only keep your ŠKODA running smoothly and safely, but also help preserve its value and protect against unexpected costs or inflation. Service and maintenance packages use only genuine ŠKODA approved parts handled by specialist ŠKODA trained technicians, so you know your car is in good hands.

**ŠKODA INSURANCE**  
Nobody knows your ŠKODA quite like the people who made it. That’s why we always offer the best cover for you and your car. ŠKODA Insurance is a member of the official ŠKODA AUTO family. It’s a comprehensive car insurance package that offers even greater comfort and peace of mind to our customers in case of unexpected events.

**ŠKODA EXTENDED WARRANTY**  
Quality and reliability are key reasons why you would opt for a ŠKODA. This preference not only applies to our cars but also to ŠKODA service. You can extend your driving pleasure from 2 years to up to 5 years or 150,000 km with the ŠKODA extended warranty and cushion yourself from any unexpected repair costs.  
**The advantages of ŠKODA extended warranty:**  
› Expect no exceptions. ŠKODA extended warranty is similar to the 2-year manufacturer's warranty. Repair and service is carried out exclusively at a ŠKODA Service Partner.  
› Nothing but the best. You can rest assured that only the latest technology and know-how will be implemented.  
› Be original, use original. Exclusive use of ŠKODA Genuine Parts is ensured for repairs.  
› Don't settle for less. When trading in your car, you can expect a higher value compared to the second-hand market.

**ŠKODA MOBILITY WARRANTY**  
Despite all preventive measures, it's sometimes impossible to avoid unforeseen circumstances that may lead to an unlikely breakdown. In such a scenario, getting easy and hassle-free assistance is of primary importance.  
ŠKODA Mobility Warranty gives you the assurance that regardless of your vehicle's condition, you will reach your destination safely and surely.  
In the event of a vehicle breakdown, you can call our roadside assistance service, ŠKODA Assistance, which will give you the best possible advice and professional help. It is operational 24 hours a day, 365 days a year.  
**ŠKODA Assistance provides the following services\*:**  
› Guided help on the phone  
› On-the-spot breakdown assistance  
› Towing service to the nearest ŠKODA Service Partner, including transportation of passengers, if breakdown cannot be rectified on the spot  
› High-priority repair at ŠKODA Service Partner  
› If the repair cannot be provided on the day of breakdown, the ŠKODA Service Partner or ŠKODA Assistance will provide the following options:  
a) Courtesy car for 3 working days max.  
b) Overnight stay for passengers for 1 night  
c) Alternative transportation (train or bus, or also taxi in cities)

\* All these services are provided free of charge. Specific scope of services on the local market is to be defined by the importer.
